## Volume 1

|                                                                 | <u>Page</u>   |
|-----------------------------------------------------------------|---------------|
| <b>SECTION 1.0 – INTRODUCTION</b>                               | <b>1</b>      |
| 1.1 The National Flood Insurance Program                        | 1             |
| 1.2 Purpose of this Flood Insurance Study Report                | 2             |
| 1.3 Jurisdictions Included in the Flood Insurance Study Project | 2             |
| 1.4 Considerations for using this Flood Insurance Study Report  | 17            |
| <br><b>SECTION 2.0 – FLOODPLAIN MANAGEMENT APPLICATIONS</b>     | <br><b>28</b> |
| 2.1 Floodplain Boundaries                                       | 28            |
| 2.2 Floodways                                                   | 57            |
| 2.3 Base Flood Elevations                                       | 58            |
| 2.4 Non-Encroachment Zones                                      | 58            |
| 2.5 Coastal Flood Hazard Areas                                  | 58            |
| 2.5.1 Water Elevations and the Effects of Waves                 | 58            |
| 2.5.2 Floodplain Boundaries and BFEs for Coastal Areas          | 59            |
| 2.5.3 Coastal High Hazard Areas                                 | 59            |
| 2.5.4 Limit of Moderate Wave Action                             | 59            |
| <br><b>SECTION 3.0 – INSURANCE APPLICATIONS</b>                 | <br><b>59</b> |
| 3.1 National Flood Insurance Program Insurance Zones            | 59            |
| <br><b>SECTION 4.0 – AREA STUDIED</b>                           | <br><b>60</b> |
| 4.1 Basin Description                                           | 60            |
| 4.2 Principal Flood Problems                                    | 61            |
| 4.3 Non-Levee Flood Protection Measures                         | 72            |
